

Dr John Campbell's Red Pill Moment

Author: Alex Paterson

<https://www.alexpaterson.net/health/jcredpill.htm>

Dr John Campbell is an interesting example of someone who initially believed in the official narrative that SARS COV2 emanated in nature out bat soup at the Wuhan Wet Market and that the Covid19 'vaccines' (sic) associated with the same were both "safe and effective", but who slowly began to wake up to the truth that none of these claims were true.

SARS COV 2 was created in biotech laboratories initially in the USA and finalised in the Chinese Wuhan Biotech Lab as evidenced by:

- the 120+ patents directly associated with SARS COV2 going back to 1999 discovered by Dr David Martin of MCAM International. ¹
- the 5 gene sequences patented by Moderna going back to 2013 found in the SARS COV2 Spike Protein. ²
- the mention of SARS COV2 by name in a scientific paper by Chinese researchers published on 25th April 2006 ³

SARS COV2 is a bio-weapon created under the auspices of the US Dept of Defence (DOD) in concert with the US Defense Advanced Research Projects Agency (DARPA) in order to frighten the General Public into having the second phase of the bio-weapons program, namely the Covid-19 'vaccines' (sic), voluntarily injected into themselves. We now know that the SARS-COV2 injectables are neither safe nor effective as evidenced by the worldwide increase in excess mortality ⁴ (15% - 25% increase which will only get worse over time as the SARS-COV2 Spike Protein suppresses the body's T cell immune response ⁵) and the emergence of a new medical condition euphemistically called "long covid" exhibited by those who have been injected and as a consequence have seriously compromised their immune system. The Covid-19 mRNA technologies are the literal, verbatim definition of a biological weapon as defined by US code 18 USC 175 which states: "A biological weapon is any biological agent (e.g. mRNA), toxin (e.g. WIV spike S-2P), or delivery system (e.g. device/LNP/vaccine) that is not reasonably justified by a prophylactic or protective purpose; bona fide research, or other peaceful purposes." ⁶

The purpose of the SAR-COV2 bio-weapon program is twofold:

- 1 Reduce the World's human population by at least 80% (i.e. get rid of all the so called "useless eaters" as defined by the Cabal) as laid out in the Georgia Guidestones ⁷ and articulated by World Economic Forum (WEF) chief advisor, Yuval Noah Harari. ⁸
- 2 Render the surviving population as trans-humanist cyborgs fully controlled by the Cabal associated with the self organizing lipid nano-particle technology secretly contained within the Covid-19 injectables. ^{9 10 11 12}

Dr John has a very large youtube audience regarding Covid-19. Like most citizens, Dr John was very much trusting of the mainstream narrative regarding Covid-19. He trusted the purported "science" spruiked by Main Stream Media (MSM) and the various Government Agencies tasked with imposing upon the general public all the egregious "public health measures" (sic) such as lockdowns, social distancing, mandatory masking and mandatory vaccination policies. He started to wake up after suffering a serious health event himself following his 3rd injection and gradually over time he began to uncover the shocking truth

Dr John Campbell's Red Pill Moment

about all the lies pertaining to the Covid-19 'Scamdemic'.

In the following video recorded on 24th May 2021 * he documents his discovery of Australian Therapeutic Goods Administration (TGA) document No 6 released under a Freedom of Information (FOI) request titled: 'Nonclinical Evaluation Report BNT162b2 [mRNA] COVID-19 vaccine (COMIRNATYTM) Submission No: PM-2020-05461-1-2 Sponsor: Pfizer Australia Pty Ltd January 2021' which unequivocally states that the lipid nano particles, and its attendant mRNA, rapidly spreads to all the organs of the body in complete negation of the official narrative that they remain at the injection site with a small amount moving to the lymph nodes and is therefore "safe". This information was on file with the TGA (remember "document No 6" is their document) on the 8th January 2021 prior to them authorising for general public use the experimental Covid-19 injectables in Australia on 22nd February 2021, which means the TGA was well aware that their statements that the mRNA Covid vaccines were "safe" was (and remains) a straight out lie.

* NOTE: Dr John mentions in the video the date "24th May 2021" but I suspect he might have meant 24th May 2022.

In this video one can see how shocked Dr John is at this discovery, as should any person who allowed themselves or their children to be injected with the Pfizer injectable.
